

Depth of engagement

DEVOLVING-

COLLABORATION

INVOLVING

CONSULTING

INFORMING

cone of this requires people to take care of needs of different services

Personal health budgets

Co-production

+ Co-design

(the usual suspects?)

Public representation on policy groups + partnerships

- committed patients with specialist interest.

Formal consultation with the 'interested public'

Good basic information for the public eg where to take your sick child.

Public

Self Care by public + patients + appropriate use of services such as pharmacists.

Community Development Approach

Individual patient - clinician

interactions - treatment agreed in collaboration.

Choice between ~~appointment~~ at treatment ~~times~~ of time

Practical details

- what time

appt suit

Appt letters

Individual Patients
